203. DEFINITION, ROLE AND COMPOSITION OF THE BOARD OF DIRECTORS

The Bylaws of the Nevada County Association of REALTORS® define the Board of Directors as the governing body of the Association. It is the Association's most important committee.

A basic rule is that the legal entity, rather than the Board of Directors, is the holder of legal power. The powers of the Directors are not inherent in them, but in the organization of such. The principle exists that Directors exercise the powers of the organization, but do not own it. Thus, the Board of Directors has the power and duty to carry on whatever transactions the corporation or the association itself has the power to carry on. The power of the Board of Directors is superior in ordinary matters, so long as it is exercised lawfully and in lawful transactions.

In extraordinary matters, the Board of Directors may not govern, and the will of the general membership must rule. In such matters as a radical change of fundamental policy or purpose, amendments to the Articles of Incorporation, dissolution or merger of the corporation or matters of like importance, the power of decision usually rests with the voting members.

Within the purpose and power of the Association, the Directors are free to change the Bylaws (subject to approval, amendment or repeal by the membership at the next annual meeting or by ballot. Note: NAR mandated bylaws amendments do not require membership ratification), policies and short-range purposes, but unless the Bylaws expressly permit, they may not do acts that account to changes in the fundamental purposes or operational methods of the Association.

Members of the Board of Directors shall have the utmost interests of the Nevada County Association of REALTORS® in mind at all times. They shall avoid any contact that may serve their personal interests and should never assume any position that brings their personal interests into conflict or competition with the interests of the Association.

The Board of Directors serves several critical functions: 1) Setting policies and strategic direction, 2) allocating resources effectively and efficiently and 3) evaluating the progress being made to ensure that the policies are adhered to and that the desired outcomes are being achieved.

The Board of Directors further endeavors to:

- Communicate with members of the Association, with the constant aims of fiduciary responsibility, effective understanding of members' business requirements, and the enhancement of the benefits derived from membership
- Define, communicate, monitor, and refine NCAOR's values, policies and strategies
- Define, as goals, the essential deliverable products and services
- Delegate to Association Executive the responsibility and resources to achieve the stated ends, within the limitations of what the Board of Directors defines as acceptable practices
- Operate within the limits defined by relevant statutes and NCAOR's Bylaws
- Plan for its own succession
- Demonstrate leadership by embracing the spirit of volunteerism
- Promote the real estate industry and REALTOR® organization

Finally, the Officers, and on occasion, the Directors may be asked to serve as official spokespersons for the entire industry or profession. As such, every member has the ability to embarrass or enhance the reputation of the group and therefore has an important responsibility to the Association and should not speak on behalf of the association without permission to do so.

The Board of Directors is composed of the following members:

- 4 Officer Directors: The President (succeeds automatically to office), President-Elect, the Secretary and the Treasurer (elected by the membership); 3 if the Secretary and Treasurer are assumed by one individual

- 1 Immediate Past President (succeeds automatically to a director position)

406. ACCOUNTS RECEIVABLE MANAGEMENT (Revised July 2010 and April 2011 with LAMPS review) **Monitoring and Reconciliations**

The back-up of QuickBooks and LAMPS should be tested periodically to ensure all files are being backed up as intended.

By the tenth working day following month end a detailed accounts receivable report (showing aged, outstanding invoices by customer) is generated and reconciled to the general ledger by the accounting department. All differences are immediately investigated and resolved, and the reconciliation is reviewed by the Accounting Assistant and Bookkeeper. When a receivable reaches 20 days past due, the Accounting Assistant will contact the member in an effort to collect. The Association Executive may request a copy to determine how staff can best collect.

The accounts receivable aging in QuickBooks should be reviewed and maintained by the Accounting Assistant with oversight of Bookkeeper. If services are discontinued, a credit should be generated in LAMPS and QuickBooks to provide a clear accounting trail. At the end of each month credit memos are reviewed by Bookkeeper and Association Executive, along with other month end reports. Quarter-end reconciliation reports are reviewed, initialed and filed accordingly in the Accounting Binder.

Credits and Other Adjustments to Accounts Receivable

From time to time, credits against accounts receivable from transactions other than payments and bad debts will occur. Examples of other credits include returned products and adjustments for billing errors or advance MLS Quarterly Fees. All credits shall be authorized by the Association Executive and second signatory and process during the next payment cycle.

Accounts Receivable Write-Off Authorization Procedures

It is the policy of NCAOR to ensure that all available means of collecting accounts receivable have been exhausted before write-off procedures are initiated. Write-offs are initiated quarterly by the Accounting Department, in conjunction with the Association Executive. If an account receivable is deemed uncollectible, the Association Executive must approve.

Once a write-off has been processed, appropriate individuals in the originating department are to be advised to ensure that further credit is not granted and to update the master list of bad accounts. If the write-off is processed for a member of the Association, then that information needs to be entered into the member database. Customers listed as poor credit risks will be extended future credit only if the bad debt is paid and the customer is no longer deemed a collection problem.

If write-off procedures have been initiated, the following accounting treatment applies:

- Current year invoices that are written off will either be charged against an appropriate revenue or revenue adjustment account or against the original account credited.
- Invoices written off that are dated prior to the current year will be treated as bad debt and will reduce the allowance for doubtful accounts.

Reserve for Uncollectible Accounts

There is no current policy of NCAOR to maintain a reserve for uncollectible accounts receivable. Where a policy exists, at the end of each fiscal year, the allowance for doubtful accounts is adjusted based on the following factors:

1. An analysis of outstanding, aged accounts receivable
2. Historical collection and bad debt experience
3. Evaluations of specific accounts based on discussions with the department that originated the sale resulting in the receivable

Year-end adjustments in accounting for uncollectible accounts will be performed only when reported by management to the Finance Committee and approved by the BOD in financials.

407. ACCOUNTS PAYABLE MANAGEMENT

Overview

NCAOR strives to maintain efficient business practices and good cost control. A well-managed accounts payable function can assist in accomplishing this goal from the purchasing decision through payment and check reconciliation.

The recording of assets or expenses and the related liability performed by an accounting employee will be reviewed by the Association and Bookkeeper periodically to ensure proper tracking and recordation of purchases and assets. The amounts recorded are based on the vendor invoice for the related goods or services. The vendor invoice should be supported by an approved purchase order where necessary; all major purchase, apart from day to day office supplies, should be reviewed and approved by the Association Executive prior to being processed for payment. Invoices and related general ledger account distribution codes should be reviewed and initialed prior to posting to the general ledger.

The primary objective for accounts payable and cash disbursements is to ensure that:

1. Disbursements are properly authorized and posted
2. Invoices are processed in a timely manner
3. Vendor credit terms and operating cash are managed for maximum benefits

Recording of Accounts Payable

The backup of QuickBooks should be tested periodically to ensure all files are being backed up as intended.

All valid accounts payable transactions, properly supported with the required documentation, shall be reviewed and recorded as accounts payable in a timely manner.

Accounts payable are received, reviewed on a daily basis and placed in a folder for review, stamp of approval and AE initials and sent to "Unpaid" folder for processing. Information is entered into the system from approved invoices or disbursement vouchers with appropriate documentation attached. A minimum of twice a month, checks should be printed for open invoices, requested signatures obtained and distributed to appropriate vendors/individuals.

It is the policy of NCAOR that only original invoices will be processed for payment unless duplicated copies have been verified as unpaid by researching the vendor records. No vendor statements shall be processed for payment; payment is generated off invoices only.

Each issued check record will be stapled to the associated original invoice to help reduce the possibility of paying an invoice twice, and filed accordingly.

Establishment of Control Devices

Control of invoices is established by the A/P Assistant as soon as invoices are received. Upon receipt of invoices each invoice should be recorded on a log of invoices received, "date received" stamped, and distributed to the Association Executive and appropriate personnel for approval. The log is to be reviewed consistently to determine which, if any, invoices have not been returned to the accounting department.

Preparation of a A/P

Prior to any account payable being submitted for payment, the following documents must be provided:

1. Vendor invoice (or employee expense report with supporting receipts)
2. Signed off Packing slip (where appropriate)
3. Any other supporting documentation deemed appropriate

Processing of A/P

The following procedures shall be applied by Accounting Assistant:

1. Check the mathematical accuracy and coding of the invoice or expense report
2. Obtain the review and approval Association Executive for services purchased
3. Compare the nature, quantity and prices of all items ordered per the vendor invoice to the purchase order, packing slip and receiving report
4. Load into Quick Books. Document the general ledger distribution, using the chart of accounts
5. Process checks and obtain necessary signatures prior to distribution to vendors.

Approvals by Association Executive to indicate their acknowledgement of satisfactory receipt of the goods or services invoiced, agreement with all terms appearing on the vendor invoice, agreement with general ledger account coding, and agreement to pay vendor in full. Approvals shall be documented with stamp, initials, date and GL code.

Payment Discounts

To the extent practical, it is the policy of NCAOR to take advantage of all prompt payment discounts offered by vendors. When availability of such discounts is noted, and all required documentation in support of payment is available, payments will be scheduled so as to take full advantage of the discounts.

Employee Expense Reports

Reimbursements for travel expenses, business meals, or other approved costs will be made only upon the receipt of completed Expense Statement form or Check Request. All receipts should be attached, and necessary descriptive information noted on the form.

Reconciliation of A/P General Ledger

At the end of each monthly accounting period, the total amount due to vendors per the accounts payable ledger shall be reconciled. All differences are investigated and adjustments are made as necessary. The reconciliation and the results of the investigation of differences are reviewed and approved by the Association Executive and Bookkeeper.

Also on a monthly basis, the A/P Assistant shall perform the following procedures:

1. Check all statements received for unprocessed invoices.
2. Check the Purchase Order Binder for open orders that are more than 30 days old and follow up.
3. Provide update to Association Executive if requested.

Management of Accounts Payable Vendor Master File

Upon the receipt of an invoice from a new vendor that is not already in NCAOR's Accounts Payable Vendor Master File, the A/P Assistant shall mail or e-mail a Form W-9 and a request for completion of the Form W-9, including the vendor's full address and federal employer identification number.

For all vendors the file will include all of the following data:

1. Vendor's legal name
2. Street address (payments may be mailed to a P.O. Box, but a street address must be in the APVMF)
3. Federal employer identification number
4. Telephone number
5. Fax number
6. Contact name
7. Workers Compensation and General Liability Insurance where applicable

Payments shall not be made to any vendor where the file does not comply with the preceding requirements.

On an annual basis, vendors that have not been utilized over the preceding 2 years shall be purged from the master file. In addition, on an annual basis an audit of the file, as well as of payment histories made to each vendor shall be performed. This analysis, to be performed by the direction of the Association Executive and/Bookkeeper. The review shall consist of the following procedures, at a minimum:

1. Cross-checking of vendors with matching street or P.O. Box addresses
2. Review of payment histories for signs of repeat invoice numbers or other signs of duplicate payments

Any unexplained deviations or irregularities noted in connection with the preceding internal audit procedures shall be reported to the chair of the Audit Sub-Committee.

408. CASH DISBURSEMENTS (CHECK-WRITING) POLICIES

Overview

Cash and checks are the most liquid asset an Association has. Therefore, it is the objective of NCAOR to establish and follow the strongest possible internal controls in this area.

An Association's purchasing and check-writing policies and procedures should demonstrate sound internal controls designed to prevent or detect disbursements frauds attempted by either outside parties or employees. Segregation of duties is a key element of fraud prevention and detection. In that regard, at a minimum, the following characteristics should be demonstrated through the Association's policies:

1. Authorization of purchases performed by individuals who do not have check-writing and recording abilities
2. Receipt of supplies and other assets ordered from vendors by someone other than the individual who has final approval to pay the vendor
3. Check signing by individuals who do not have the ability to record disbursements in the journal or general ledger
4. Bank reconciliations performed by individuals who do not prepare, sign, or record purchases or disbursements

Even with these basic elements in place, there are other aspects of segregation of duties and other controls that should be considered, some of which are identified throughout these model policies. If preventive controls over check-writing cannot be as strong as one would like, the final step from the preceding list becomes even more important as a detective control. Having someone independent of the check preparation and signing process be the first person to open and review the bank statement and review all debits on the statement becomes the primary detective control in these situations. This concept is illustrated further later in this policy manual; however, users should keep these elements of segregation of duties in mind as they tailor these policies for their Associations.

Check Preparation

It is the policy of NCAOR to print vendor checks and expense reimbursement checks twice a month and as deemed necessary during quarter end and year end processing. Checks shall be prepared by the Accounting Assistant who is independent of those who initiate or approve expenditures, as well as those who are authorized check signers.

All vendor and expense reimbursement checks shall be produced in accordance with the following guidelines:

1. Expenditures must be supported in conformity with the purchasing, accounts payable, and travel and business entertainment policies.
2. Timing of disbursements should generally be made to take advantage of all early-payment discounts offered by vendors
3. Generally, all vendors shall be paid within 30 days of submitting a proper invoice upon delivery of the requested goods or services
4. Total cash requirements associated with each check run is monitored in conjunction with available cash balance in bank prior to the release of any checks
5. All supporting documentation is attached to the corresponding check prior to forwarding the entire package to an authorized check signer.
6. Checks shall be utilized in numerical order (It is the policy of this Association to keep unused check supplies safeguarded under lock and key).
7. Checks shall never be signed prior to being prepared
8. Upon the preparation of a check, vendor invoices and other supporting documentation should be marked with a "paid" in order to prevent subsequent reuse.

Check Signing

Checks to vendors/third parties require two signatures. No checks shall be signed prior to the check being completed in its entirety (no signing of blank checks).

Check signers should examine all original supporting documentation to ensure that each item has been properly checked prior to signing a check. Checks should not be signed if supporting documentation appears to be missing or there are any questions about a disbursement.

Mailing of Checks

After signature, checks are returned to the Accounting Assistant, who then mails checks immediately. Checks shall not be mailed by or returned to individuals who authorize expenditures unless approved by the Association Executive.

Voided Checks and Stop Payments

Checks may be voided due to processing errors by making proper notations in the check register and defacing the check by clearly marking it as "VOID". All voided checks shall be retained and secured in a locked cabinet to aid in preparation of bank reconciliations.

Stop payment orders may be made for checks lost in the mail or other valid reasons. Stop payments are processed by telephone instruction and written authorization to the bank by the Accounting Manager provided they have authorization from the Association Executive. A journal entry is made to record the stop payment and any related bank fees. Associated bank fees may apply.

Stale Dated Checks

The Association shall write-off checks over 6 months old in conjunction with year-end procedures if the checks in question do not exceed \$500 individually. When checks exceed this amount, contact with the payee will be initiated to resolve the issue. A Log of Written-Off Checks will be completed and made available for the end of the year review.

Record-Keeping Associated with Independent Contractors

NCAOR shall obtain a completed Form W-9 or equivalent substitute documentation from all vendors to whom payments are made. The Association will evaluate criteria established by the IRS when assigning individual employee or independent contractor status. Individuals qualifying as independent contractors will sign an Independent Contractor Agreement and will be issued IRS Form 1099 if compensation is \$600 or more. A record shall be maintained of all vendors to whom a Form 1099 is required to be issued at year-end. Payments to such vendors shall be accumulated over the course of a calendar year.

410. CASH AND CASH MANAGEMENT

Cash Accounts - General Checking Accounts (operating accounts):

The primary operating accounts provide for routine business check disbursements. All cash and credit card deposits, whether received at the NCAOR offices or through LAMPS or NRDS e-commerce, are made to these accounts. Cash transfers are done on an as needed basis to cover disbursements. Excess funds in these accounts are swept periodically and managed short and long term via the Association, Accounts Assistant and Bookkeeper as directed by the Finance Committee.

Payroll Account:

The payroll account is separate from the operating account. Transfers from the operating account into the payroll account are currently placed under auto transfer. Any adjustments are initiated by a request from the Bookkeeper and Accounting Assistant and approved and processed by the Association Executive.

Authorized Signers

Checks for disbursement on payables require two signatures. No checks shall be signed prior to the check being completed in its entirety (no signing of blank checks). Check signers may include the President, President-Elect, Treasurer, Secretary, Past President, Finance Chair and Association Executive.

Check signers should examine all original supporting documentation to ensure that each item has been properly checked prior to signing a check. Checks should not be signed if supporting documentation appears to be missing or there are any questions about a disbursement.

Bank Reconciliations

Bank account statements are received each month and forwarded unopened to the Association Executive. This individual shall open the statement and review its contents for unusual or unexplained items. Unusual or unexplained items shall be reported to Bookkeeper, President and Finance Chair. After this review is complete, the entire bank statement is forwarded to the accounting department, where reconciliation between the bank balance and general ledger balance is prepared by the Accounting Manager, who is not an authorized check signer. It is the current practice of NCAOR to complete the bank reconciliation process within two weeks of receipt of each bank statement.

All bank reconciliations, including any adjusting journal entries resulting from preparing bank reconciliations, are reviewed by Bookkeeper and Association Executive on a monthly basis and CPA on a quarterly basis.

Bank reconciliations and copies of resulting journal entries are filed in the current year's accounting files.

Cash Flow Management

The Association Executive and Bookkeeper perform account management and cash flow needs on generally on a weekly basis to eliminate idle funds and to ensure that payment obligations can be met. Cash transfers between accounts are performed on an as-needed basis.

Stale & Voided Checks

It is the policy of NCAOR to write off checks of \$500 or less that are more than 6 months old that have not cleared the bank. For un-cashed checks that are more than 6 months old and that exceed \$500 contact will be made with the payee to resolve the issue. Unresolved stale dated checks, the amount and information, will be remitted periodically to the State of California pursuant to 'Unclaimed' property rules.

All stale checks that are written off within the same fiscal year as they were written shall be credited to the same expense or asset account that was debited when the check was written, or the expenditure incurred. For stale checks written off in fiscal years subsequent to the year in which the check was written, the credit shall be to miscellaneous income. It is also the policy of C.A.R. to comply with the California laws regarding unclaimed property. Accordingly, if uncashed checks are subject to a state reporting and transfer requirement, the Association shall file all appropriate forms and remit unclaimed property to the appropriate jurisdiction.

The Association will maintain a Voided Checks File for every check that has been voided, regardless of the reason. If the voided checks are physically available, they will be stamped "VOID" and filed with the Bank reconciliation for the appropriate month. If the voided checks are not physically available, the Association's copy of the bank's stop-payment order will be filed in a Stop-Payment File.

Petty Cash

The Association will maintain a petty cash fund not to exceed \$150. It is the responsibility of the Association Executive and his/her designee, Accounting Assistant, to ensure that the petty cash fund is under lock and key at all times. Disbursements from the petty cash fund may only be made for approved expenditures. A receipt must accompany every disbursement. The receipt must be signed by the person receiving the cash and the person disbursing the cash and disbursement logged accordingly (9/11). The petty cash fund will be replenished as needed. The petty cash fund replenishment check will be made out for the amount equal to the amount of the receipts submitted. The expenses will be reviewed and the resulting check will be signed by two authorized signors.

Account Transfers

The Association Executive shall be the only NCAOR employee authorized to transact wire transfers from and within NCAOR bank accounts. Confirmations of all wire transfers are delivered to the Accounting office for Accounting Assistant recording in QuickBooks and Bookkeeper review.

411. INVENTORY

Description of Inventory

NCAOR maintains inventoried goods for resale.

Accounting for Inventory

The Association will use the First-in, First-out (FIFO) method of inventory valuation. The unit cost will be computed by adding freight costs and insurance on shipping expenses to the actual cost of the inventory, and dividing this dollar amount by the number of units purchased.

Physical Counts

It is the policy of NCAOR to perform a physical count of NCAOR office/building inventory on a periodic basis. Any inventory items that appear damaged, obsolete or otherwise unable to be sold shall be excluded from the counts. A detailed record of the physical count shall be kept by the individuals involved in taking the inventory. At the conclusion of the physical count, the inventory count sheets shall be extended by applying the most recent unit costs to the physical quantities of each item on hand. *****It is recommended that the general ledger balance be adjusted to reflect the total inventory on hand as determined by the physical count.

412. PREPAID EXPENSES

Accounting Treatment

It is a practice of NCAOR to treat payments of expenses that have a time-sensitive future benefit on contracts as prepaid expenses. Prepaid expenses will be addressed during the annual budget review and approval process and approved by the BOD based on recommendations by Finance and contracted CPA.

Procedures

As part of the account coding process performed during the processing of accounts payable, all incoming vendor invoices shall be reviewed for the existence of prepayments. The accounting department shall maintain a record of all prepaid expenses. The record shall indicate the amount and date paid, account balance and record of all invoices applied.

413. INVESTMENT POLICIES

Introduction

It is the policy of NCAOR to treat all assets of the Association, including those funds that are legally unrestricted, as though they are held by NCAOR in a fiduciary capacity for the purpose of accomplishing the Association's overall mission. As such, the policies described in this section are to be interpreted in light of that overall sense of stewardship, and the Investment Policies of NCAOR shall be those of a prudent investor. Accounting Treatment

414. PROPERTY AND EQUIPMENT

Capitalization Policy

Physical assets acquired with unit costs in excess of \$250 are capitalized as property and equipment on the Association’s financial statements. Items with unit costs below this threshold shall be expensed in the year purchased. Capitalized property and equipment additions are accounted for at their historical cost and all such assets, except land and certain works of art and historical treasures, are subject to depreciation over their estimated useful lives, as described later.

Establishment and Maintenance of a Fixed Asset Listing

All capitalized property and equipment shall be recorded in an inventory or fixed asset record. This log shall include the following information with respect to each asset:

1. Date of acquisition
2. Cost
3. Description (including color, model, and serial number)
4. Location of asset
5. Depreciation method
6. Estimated useful life

A physical inventory of all assets capitalized under the preceding policies will be taken on an annual basis by NCAOR. This physical inventory shall be reconciled to the property log and adjustments made as necessary. All adjustments resulting from this reconciliation will be approved by the Association Executive and reported to CPA, Finance and Board of Directors.

Receipt of Newly-Purchased Equipment and Furniture

At the time of arrival, all newly-purchased equipment and furniture shall be examined for obvious physical damage. If an asset appears damaged or is not in working order, it shall be returned to the vendor immediately. In addition, descriptions and quantities of assets per the packing slip or bill of lading shall be compared to the assets delivered. Discrepancies should be resolved with the vendor immediately. Tagging will occur upon cash disbursement.

Depreciation and Useful Lives

All capitalized assets are maintained in the special property and equipment account group and are not to be included as an operating expense. Property and equipment are depreciated over their estimated useful lives using the straight line method. In the year of acquisition, depreciation is recorded based on the number of months the asset is in service, counting the month of acquisition as a full. Estimated useful lives of capitalized assets shall be determined by the Bookkeeper/CPA. The following is a list of the estimated useful lives of each category of fixed asset for depreciation purposes:

Furniture and fixtures	
General office equipment	5 yrs
Computer hardware and peripherals	3-5 yrs
Computer software	2-3 yrs
Leased assets	life of lease
Leasehold Improvements	remaining lease term

*****For accounting and interim financial reporting purposes, depreciation expense will be recorded on a quarterly basis.

Changes in Estimated Useful Lives

If it becomes apparent that the useful life of a particular capitalized asset will be less than the life originally established, an adjustment to the estimated useful life shall be made. All such changes in estimated useful lives of capitalized assets must be approved by the Association Executive.

Repairs of Property and Equipment

Expenditures to repair capitalized assets shall be expensed as incurred if the repairs do not materially add to the value of the property or materially prolong the estimated useful life of the property.

Expenditures to repair capitalized assets shall be capitalized if the repairs increase the value of property, prolong its estimated useful life, or adapt it to a new or different use. Such capitalized repair costs shall be depreciated over the remaining estimated useful life of the property. If the repairs significantly extend the estimated useful life of the property, the original cost of the property shall also be depreciated over its new, extended useful life.

Dispositions of Property and Equipment

In the event a non-expendable asset is sold, scrapped, donated or stolen, adjustments need to be made to the fixed asset listing and inventory log. If money is received for the asset, then the difference between the money received and the "book value" of the asset will be recorded as a loss if the money received is less than the book value and again if the money received is more than the book value. The Association Executive should approve the disposition, and one accounting employee shall be assigned to oversee all aspects of each Fixed Asset sale transaction.

Write-Offs of Property and Equipment

The Association Executive approves the disposal of all capitalized fixed assets that may be worn-out or obsolete. Property that is discovered to be missing or stolen will be reported immediately to the Association Executive. If not located, this property will be written off the books with the proper notation specifying the reason.

Impairment Losses

It is the policy of the Association to recognize an impairment loss in the statement of activities with respect to any property and equipment (or any other long-lived asset, including non-depreciable assets) whose carrying amount (net book value) possesses both of the following characteristics:

1. The amount is not recoverable and
2. The amount exceeds fair market value.

If only one of the preceding characteristics is present, an impairment loss will not be recorded. In determining whether a carrying amount is recoverable, all future cash inflows shall be considered, including cash flows from operations attributable to the asset, as well as cash flows from the sale of the asset. In cases in which no cash flows are directly attributable to an asset, the first characteristic is considered to have been met, and the determination of whether an impairment loss has been incurred will be based on the fair market value criterion. Impairments are distinguishable from changes in estimates resulting from a determination that a depreciable asset will be useful for a shorter period of time than the original. When an impairment loss is incurred, the loss is recognized in the statement of activities in the period of the loss and the carrying amount of the long-lived asset is adjusted downward to the revised amount. If the asset is a depreciable asset, this lesser amount shall then be used for purposes of calculating future depreciation or amortization expense.

Leases

The Association will record leases as either capital leases or operating leases in the financial records, based on appropriate qualification criteria. When an equipment lease is capitalized, the equipment is included among the fixed assets of the Association and depreciated accordingly. Payments for operating leases are considered expenses in the period the lease payment is made. The engaged CPA firm will gauge classification of the lease before the decision as to how to record the lease is made.

415. FINANCIAL STATEMENTS

NCAOR's fiscal year shall be January 1 through December 31.

NCAOR shall maintain a chart of accounts. All management staff involved with accounting coding responsibilities or budgetary responsibilities will be issued a chart of accounts, and the chart of accounts must be updated regularly.

Standard Financial Statements of the Association

Preparing financial statements and communicating key financial information is a necessary and critical accounting function. Financial statements are management tools used in making decisions, in monitoring

the achievement of financial objectives, and as a standard method for providing information to interested parties external to the Association. Financial statements may reflect year-to-year historical comparisons or current year budget to actual comparisons.

The basic financial statements of the NCAOR that are maintained on an Association-wide basis shall include:

1. **Profit and Loss vs. Actual Statement** – Association's Financial Activity
2. **Balance Sheet** – Association assets
3. **Membership Count** – reflects member numbers associated with financials
5. **Annual Budget**

Frequency of Preparation

The objective of the accounting department is to prepare accurate financial statements in accordance with generally accepted accounting principles and distribute them in a timely manner. In meeting this responsibility, a basic set of financials is produced for Association Executive and Bookkeeping review on a monthly basis and standard set of financial statements described in the preceding section shall be produced on a quarterly basis, preferably by the 15th of the month following quarter end for Finance Committee and subsequent BOD review. The quarterly set of financial statements shall be prepared on cash basis method of accounting, including all receivables, accounts payable received and actual depreciation expense.

Review and Distribution

All financial statements and supporting schedules shall be reviewed and approved by the Association Executive prior to being issued by the Accounting Department. After approval, a complete set of quarterly financial statements shall be forwarded to the Finance Chair followed by distribution to:

- The Finance Committee

And after review to:

- Board of Directors

Financial statements may include an additional supplemental Excel spreadsheet report prepared by the Association Executive and accounting staff. The purpose of this schedule is to provide a year to date and year-end forecast.

Budget Variance Analysis and Projections

On a quarterly basis, the Association and appropriate staff shall review line items. Staff shall explain the reason(s) for year-to-date variances from budget greater for each line item, and also provide actions that will be taken to minimize to eliminate unfavorable budget variances by year-end.

Annual Financial Statements

A formal presentation of the Association's annual financial statements shall be provided by the contracted CPA Independent Auditor to the following in this order: Association Executive, Finance Chair, Finance Committee and then the full Board of Directors.

The Association shall utilize the services of a CPA Firm for its annual review and periodic audit of the financial statements. The Association shall utilize the services of a CPA Firm for other consulting and budgetary needs as deemed appropriate by the Association Executive, Finance Committee and Board of Directors. The authority to distribute the statements to other individuals or firms requesting them will be left to the discretion of the Association Executive and Board of Directors.

The contract with the CPA firm should be reviewed every five to seven years and a recommendation made to the Board of Directors for final selection. Re-awarding the contract for accounting services to the existing firm is acceptable as long as the interview and selection criteria clearly indicate the firm is the most qualified and cost-effective.

416. GOVERNMENT TAX RETURNS

Overview

NCAOR must be aware of its tax and information return filing obligations and comply with all such requirements of federal, state and local jurisdictions.

Filing of Returns

Federal and all applicable state payroll tax returns are prepared by the Association's external payroll administrator, Paychex.

It is the policy of NCAOR to comply with all state payroll tax requirements by withholding and remitting payroll taxes to the state of residency of each NCAOR employee.

Public Access to Information Returns

Under regulations that became effective in 1999, NCAOR is subject to federal requirements to make the following forms available to the general public:

1. The three most recent annual federal form 990 information returns.
2. NCAOR's original application for recognition of its tax-exempt status, filed with IRS, and all accompanying schedules and attachments.

It is the practice of NCAOR to adhere to the following guidelines in order to comply with the preceding public disclosure requirements:

1. Anyone appearing in person at the offices of NCAOR during normal working hours making a request to inspect the forms will be granted access to a file copy of the forms. The Association Executive and Bookkeeper shall be responsible for maintaining this copy of each form and for making it available to all requesters.
2. For all written requests for copies of forms received by NCAOR, the Association shall require pre-payment of all copying and shipping charges. For requests for copies that are received without pre-payment, NCAOR will notify the requester of this policy via phone call or by letter within 7 days of receipt of the original request.
3. NCAOR may charge for providing copies of requested forms at the current association copy rate. All copies shall be shipped to requesters via UPS Ground Ship (shipping charges will be at the current standard shipment rate).
4. After payment is received by NCAOR, all requested copies shall be shipped to requesters within 30 days. Making of all copies and shipping within the 30-day time period shall be the responsibility of the accounting department.
5. For requests for copies made in person during normal business hours, copies shall be provided while the requester waits.

417. UNRELATED BUSINESS ACTIVITIES

Identification and Classification

It is the policy of NCAOR to properly identify and classify income-producing activities that are unrelated to the Association's tax-exempt purpose using the guidelines described in the Internal Revenue Code and underlying regulations. Such income accounts shall be segregated in separate accounts in the general ledger of NCAOR. in order to facilitate tracking and accumulation of unrelated trade or business activities.

Allocation of Expenses to Unrelated Activities

In addition to segregating income associated with activities that are unrelated to NCAOR's exempt purpose, the Association's general ledger shall also provide accounts for expenses associated with each such unrelated activity. These expenses shall be offset against unrelated business revenue in arriving at unrelated business taxable income. Expenses that shall be offset against gross unrelated business income shall be limited to those expenses directly associated with the production of such income, including reasonable allocation of indirect costs that benefit each activity, in accordance with expense allocation policies described elsewhere in this manual.

Reporting

It is the Policy of NCAOR to file IRS Form 990-T to report taxable income from unrelated trade or business activities. **Form 990-T is not subject to any public access or disclosure requirements.**

Accordingly, it is the policy of C.A.R. not to distribute copies of Form 990-T to anyone other than management of the Association.

N.C.A.O.R. shall also report taxable income from unrelated trade or business activities that are subject to state or local income or franchise taxes on the appropriate return.

418. PLANNING & BUDGETING

Overview

Planning & Budgeting is an integral part of managing any Association in that it is concerned with the translation of Associational goals and objectives into financial and human resource terms. A budget should be designed and prepared to direct the most efficient and prudent use of the Association's financial and human resources. A budget is a management commitment of a plan for present and future Associational activities that will ensure survival. It provides an opportunity to examine the composition and viability of the Association's programs and activities simultaneously in light of the available resources.

Preparation and Adoption(see ginger in regard to planning forms)

It is the policy of NCAOR to prepare an annual budget on the cash basis of accounting. To prepare the Association budget, the Association Executive shall gather proposed budget information and prepare the first draft of the budget. Committees are encouraged to submit anticipated budgets accompanied by a narrative explanation of the sources and uses of funds to substantiate consideration of requested budgeted items.

After appropriate revisions and a compilation of all department budgets by the Association Executive, a draft of the Association-wide budget, as well as individual department budgets, is presented to the Finance Chair for discussion, revision, and initial approval. The revised draft is then submitted to the Finance Committee for review, comments, and approval, and finally to the entire Board of Directors for the same.

It is the policy of NCAOR to adopt a final budget prior to the beginning of the Association's fiscal year.

Monitoring Performance

It is the policy of NCAOR. to monitor its financial performance by comparing and analyzing actual results with budgeted results. This function shall be accomplished in conjunction with the monthly financial review and quarterly financial reporting process described earlier.

On a monthly basis, financial reports comparing actual year-to-date revenues and expenses with budgeted year-to-date amounts shall be produced by the accounting department and distributed to the Association Executive who will review and discuss significant variances with accounting staff.

Budget Modifications

After a budget has been approved by the Board of Directors and adopted by the Association, reclassifications of budgeted expense amounts can be made by the Association Executive and Bookkeeper and then reported to the Finance Committee and the Board of Directors. Budget adjustments, if any, need to be reviewed and approved by the Finance Committee and Board of Directors via formal motion.

419. ASSOCIATION ANNUAL REVIEW PROCESS

Role of the Independent Auditor

It is the current practice of NCAOR to perform annual review audit of the Association's financial statements at fiscal year-end by an independent certified public accounting firm. The independent accounting firm contracted by NCAOR reports their findings directly with the Executives and Finance Committee upon the completion of their review. Audited financial statements, including the auditor's opinion thereon, will be submitted and presented to the Board of Directors by the independent accounting following the review.

How Often to Review the Selection of the Auditor

NCAOR shall review the selection of its independent auditor in the following circumstances:

- Anytime there is dissatisfaction with the service of the current firm
- When a fresh perspective and new ideas are desired
- Recommended every 5 years to 7 years
 - Association Executive, with the assistance of staff, Executives and the Finance Committee, will interview CPA firms specializing in work for not-for-profit Associations and make a recommendation to the Board of Directors for final selection. Re-awarding the contract for accounting services to the existing firm is acceptable as long as the interview and selection criteria clearly indicate the firm is the most qualified and cost-effective.

Selecting an Auditor

The following factors shall be considered by NCAOR in selecting an accounting firm:

- The firm's reputation in the nonprofit community
- The depth of the firm's understanding of and experience with not-for-profit and like trade Associations.
- The firm's demonstrated ability to provide the services requested in a timely manner
- The ability of firm personnel to communicate with Association personnel in a professional and congenial manner
- Issue a written Request for Proposal (RFP) to be sent to prospective audit firms. Information to be included:
 - Period of services required
 - Type of contract to be awarded (fixed fee, cost basis, etc.)
 - Complete description of the services requested (audit, management letter, tax returns, etc.)
 - Identification of meetings requiring their attendance, such as staff or Board of Director meetings

503. EMPLOYEE AND MEMBER/VOLUNTEER RELATIONS

The Nevada County Association of REALTORS® establishes the following NCAOR Employee and Member/Volunteer Relations policy in order to promote a cordial, pleasant and legally compliant working environment between NCAOR employees and its' members.

Since NCAOR is a member services organization with revolving tenancies in the Board of Directors and NCAOR Committees, this policy is established to preserve continuity of authority and responsibility within the work environment.

Policies, Programs and Services

1. The Board of Directors shall establish the scope of NCAOR policies, programs and services. NCAOR staff is responsible to carry out the policies, programs and services established by the Board of Directors.
2. No member shall be provided with services beyond the scope of services provided to all members. Any request by a member for services outside the scope of an employee's authorization must be forwarded to the Association Executive. This request must contain information on the unique circumstances of the situation, which prompted the member to request that extraordinary measures be considered for their benefit. The Association Executive may then determine if an exception should be made, with input from the appropriate NCAOR officer, or if the request should be brought to the attention of the Board of Directors for resolution.

Committee Support

1. A NCAOR employee should render all possible technical and administrative assistance to the committees and ad hoc work groups to which he/she is assigned, but should never assume the committee's prerogative. The NCAOR employee is involved so as to answer questions, offer suggestions or raise questions, when appropriate, and to conduct research or carry out tasks as assigned by the committee chairman.
2. A NCAOR employee is expected to be knowledgeable on NCAOR policy, committee scope and the subject under discussion.

2. Interaction between NCAOR employees and members/volunteers shall be maintained at a professional level characterized by mutual respect, courtesy, effort and cooperation to resolve issues. Under no circumstance should NCAOR employees or members/volunteers engage in discourteous or unprofessional behavior (i.e. use of profanity, disparagement of another employee or member, use of physical force, etc.).
3. Any behavior by a member/volunteer, which interferes with or compromises a NCAOR employee's job performance or satisfaction, is not acceptable. 504. HARASSMENT POLICY

The Nevada County Association of REALTORS® is committed to maintaining a productive work environment that is free from discriminatory, harassing, or disruptive activity. In keeping with this commitment, we will not accept unlawful harassment of any Association employee, male or female, by anyone, including any Supervisor, fellow employee, visitor, member, vendor, or client of the Association. We also will not tolerate unlawful harassment committed by any Association employee against anyone, including any Supervisor, fellow employee, member, visitor, vendor, or client of the Association.

Harassment consists of unwelcome conduct, whether verbal, physical, or visual, that is based on a person's protected status, such as race, color, religion, ancestry, national origin, citizenship status, age, sex, sexual orientation, marital status, disability, veteran's status, or other protected group status as defined by applicable Federal, State or Local laws and regulations. The Association will not tolerate harassing conduct that affects tangible job benefits, that interferes unreasonably with an individual's work performance, or that creates an intimidating, hostile, or offensive working environment.

Sexual harassment deserves special mention. Unwelcome sexual advances, requests for sexual favors, and other physical, verbal, or visual conduct based on sex may constitute sexual harassment when:

1. Submission to the conduct is an explicit or implicit term or condition of employment,
2. or submission to or rejection of the conduct is used as the basis for an employment decision,
3. or the conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

The Association has established complaint procedures for any member or employee who believes he/she has suffered sexual harassment by any other employee, guest or member of the Association. Please contact the Association Executive for more information.

The Association urges and encourages that a member or employee immediately report any suspected impropriety or discrimination. Obviously, The Association has limited ability to rectify any situation or address a problem if complaints are not timely filed. The Association recognizes that reporting the situation to an immediate supervisor may be inappropriate or difficult; thus, the Association Executive will always be willing to handle any complaint or allegation. Any and all reports of this nature will be treated confidentially and with the utmost sensitivity.

505. OPEN/CLOSED MEETING POLICY

The policy of the Association is clear. Unless there are exceptional reasons for confidentiality, all meetings of the Association are open to any members.
